

REACH Statement 2026

The Law on chemicals, REACH (Registration, Evaluation, Authorization and Restriction of Chemicals), entered into force on June 2007. The aim of REACH is to improve the protection of human health and the environment through earlier and more substantial identification procedures of the properties of chemical substances.

Multi-Tech Systems, Inc. confirms that none of its products or packaging contains any of the Substances of Very High Concern (SVHC) on the REACH Candidate List, in a concentration above the 0.1% by weight allowable limit.

The latest **253** substances restricted per the REACH Regulation were last updated January 21st, 2025. Please refer to the following for the most current candidate list of substances:

<https://echa.europa.eu/candidate-list-table>

Substances of Very High Concern (SVHC) – Annex XIV

As of February 4th, 2026, ECHA (The European Chemicals Agency) has placed 2 new substances in the Candidate List of Substances of Very High Concern (SVHC) for authorization. Any SVHC must not be used, manufactured, or imported without the prior authorization of the ECHA. The Candidate List will be updated and published periodically as more substances are identified as SVHC.
